

CT International is proud to be a supporter of the National Childhood Cancer Foundation.

All of the artwork on our dispenser boxes is created by a childhood cancer patient or survivor.

CTI is committed to the fight to cure cancer. Through our relationship with NCCF, we can give back to those who truly need support during the most challenging time of their lives.

For every case purchased, CT International donates part of the proceeds to the National Childhood Cancer Foundation.

Do you want to be a part of this great program and help the kids?

Our business philosophy has been, and is today, a commitment to excellence. Most important is our desire to provide the best products and service to your customers.
