

Features

GENERAL

- PE-impregnated cleanroom paper bonded without organic fillers
- Cleanroom processed and cleanroom packaged
- Excellent heat resistance material for laser printing and photocopiers
- Clean and pack in controlled Class 100 Cleanroom Environment

COVERS

- High-density polyethylene covers
- Round edge corners
- IPA Resistance material

PAPER

- Durable Clean Image™ PE-impregnated cleanroom paper bonded without organic fillers
- Low-sodium inks printed
- Excellent IPA resistance material
- Compatible to Most inks on writing without smearing

Benefits

- Excellent IPA resistance material
- Compatible to most inks on writing without smearing
- Low ionic contamination
- Ultraclean with low particle and fiber generation
- Can be customized with your company logo

Applications

- Note-taking in critical environment
- Log book

Contamination Characteristics - Paper

Property	Typical Value
Ions (ug/cm ²) - TM2 TM2: Ionic Chromatography	
Anion Chloride (Cl)	0.59
Fluoride (F)	<0.0015
Nitrite (NO ₂)	<0.0015
Bromide (Br)	<0.0015
Phosphate (PO ₄)	<0.0038
Sulfate (SO ₄)	0.17
Cation Lithium (Li)	<0.0015
Sodium (Na)	2.18
Ammonium (NH ₄)	0.02
Potassium (K)	0.12
Magnesium (Mg)	0.26
Calcium (Ca)	0.56
Particles (>0.5um) Wet Test (pt/cm ²) - TM3 TM3: Liquid Particle Counter	190
